# THE TRIANGLE OF THE TRIFORCE

In the world of the Triforce, there are three kinds of people: the good, the bad, and the ugly. The good are the ones who are the most powerful, the bad are the ones who are the most powerful, and the ugly are the ones who are the most powerful.

The triangle of the Triforce is the most powerful of all. It is the most powerful of all, and it is the most powerful of all. It is the most powerful of all, and it is the most powerful of all. It is the most powerful of all, and it is the most powerful of all.

It is the most powerful of all, and it is the most powerful of all. It is the most powerful of all, and it is the most powerful of all. It is the most powerful of all, and it is the most powerful of all.

Dear North Palace,

Isn't it give you a good excuse for taking three weeks to write... so I won't feel no more excuses. I'm now putting pen to paper. I know the letter is a pencil, but I just wanted to say that! Anyway, on to the serious stuff.

Here goes. For high doses, response, and elaborate plain-words, your readers are Gracie!!

But, here are some questions. What is Zelda's father's name, anyway? In *The Legend of Zelda* F3, it was Hyrulean, yet in *The Oracle Comics System* F3, it was Ruckian. Also, what did Ganon look like before the *Trochus of Power* corrupted him? Was he like Zelda's mother? Why not call your letter page the *Trochus of Whynot*? Am I long-winded, or what?

Till Ganon joins the Glen Club,

The king's name is Horduum, *Alas*. We had some changes over it because the presentation of the name was wrong, so we could produce it right in that sound — it will not change again!

No one has yet come forward to describe Ganon's face before it was corrupted by the *Trochus of Power*. And Ganon has possessed the *Trochus* for as long as we, and has been so corrupted, at a beautiful moment could our acceptance him for the ones he deserves. If, indeed, he was a man

Zelda is the beautiful Queen of Coloss, who appeared in "Queen of Hearts" *Hyundai Comic System* #21. Even Link has not seen of her most relationship to Zelda's family... yet.

We'll think about the letter on your life. And maybe you being long-winded — maybe. (I'll write it.)

Dear Voyager people,

I've been buying *The Legend of Zelda* since the beginning, and I've really enjoyed it.

I particularly like Zelda. There aren't many strong women characters around, so Zelda really stands out. Could you think about giving her some solo adventures?

Keep up the good work.

Yup. Thanks. We plan to!

Dear Editor,

Enjoy reading the *Legend of Zelda*. And I hope that Link will kiss Zelda one day! The end!

For Link and Zelda, however, one day might be just the beginning.
